Attorney General Ravensborg Notes

Crime in South Dakota is a compilation of the hard work of law enforcement statewide. This publication reflects the dedication and tenacity that reporting agencies have put forth to accurately report crime in their jurisdictions. Effective law enforcement across our state is strengthened by having access to accurate crime statistics from across the state. This data helps our law enforcement professionals to identify trends in criminal activity.

“I commend all the hard-working men and women of law enforcement, who have worked even harder though this year of COVID, to keep South Dakota Safe. Thank you to all those who work on compiling this report and the agencies statewide that, diligently and accurately, track and report crimes. This report is an invaluable tool as we identify trends in criminal activity, establish priorities, and allocate resources.”

In 2020, the total participation rate was 94% with 119 agencies participating. This is a decrease of 2 agencies.

Introduction

National Incident-Based Reporting System (NIBRS) is a cooperative effort among city, county, and state law enforcement agencies. The Division of Criminal Investigation's (DCI) State Clearinghouse (Criminal Statistical Analysis Center) for NIBRS provides participating agencies with the necessary application required for crime reporting. Agencies can use our web-based software or if they have a private vendor and their own RMS (Records Management System), they may export their data and send it in to the Criminal Statistical Analysis Center (SAC) on a monthly basis. The SAC then imports any data sent in by agencies. All data received either through the State's web-based system or imported is then submitted to the Federal Bureau of Investigation (FBI) where national reports, such as Crime in the United States, are generated.

Certain constraints should be noted in interpreting the collective data for the State. It must be noted that Indian Reservations are not included as they do not report crime statistics to the SAC. Indian Reservation crime data is collected directly by the FBI. Comparing data year to year gives a good picture of crime trends; however, keep in mind when comparing these figures to previous years that there is a difference in the number of agencies reporting each year. Also, these figures cannot be compared to data released by the FBI, as the FBI uses estimations for non-reported data. The deadline for submitting 2020 crime statistics to the FBI, is March 15, 2021.

This publication is the twelfth time the crime book was published in NIBRS format. Starting in 2008, the SAC only accepted NIBRS data. NIBRS is an incident-based reporting system designed to collect data on each incident and arrest within that occurrence. The most significant difference between NIBRS and the traditional summary Uniform Crime Reporting (UCR) system is the degree of detail in reporting. Unlike the summary UCR system that collects data on only eight (8) Part I crimes, NIBRS collects 24 crime categories made up of 52 specific crimes called Group A offenses. In addition to the Group A offenses, there are 11 Group B offense categories for which only arrest data are collected. The Hierarchy Rule is not used in NIBRS. Therefore, if more than one crime was committed by the same person or group of persons and the time and space intervals separating them were insignificant, all the crimes are reported as offenses in the same incident.

The population figures included in this publication were obtained from the FBI. The FBI UCR Program obtained city/town and county decennial population counts for year 2010 and the July 1st 2010-2020 population estimates from the U.S. Census Bureau. The UCR staff computed individual rates of growth from one year to the next for every city/town and county. Each agency's rates of growth were averaged; that average was then applied and added to its 2015 Census population figure to derive the 2020 population estimates. The resident county population sum of 892,717 was used. The information included in this report was generated by a combination of these population figures and data collected through the National Incident-Based Reporting System from the participating agencies.

The Full Time Employment numbers are obtained by the SAC every year. This figure is calculated by the number of full time sworn law enforcement officers and full time civilian staff whom are employed by active agencies as of October 31, 2020.

The data used to compile this report are based on a "snapshot" of the SD state repository database as of March 08, 2021. In NIBRS, there are no "fixed" statistics because law enforcement agencies update their incidents as new information becomes available. These figures are based on statistics that were analyzed for a twelve-month period beginning January 1, 2020 and ending December 31, 2020. The data included in this report can only be as accurate as the data provided by each reporting agency.

In accordance with SDCL 23-3-18.1, a letter was sent June 11, 2019 and again on February 4, 2020 to all Tribal Chairmen and Presidents to collect information on any murdered Indigenous persons on Indian Country. A liaison with Oglala Lakota Sioux Tribe contacted this office to express their efforts to continue talks on this matter. The table represented on page 42 are incidents investigated on Indian Country and reported by the Federal Bureau of Investigation. These homicides are not included in any other tables included in the Crime in South Dakota Publication.

Bias Motivation (Hate Crimes)

Because of the difficulty of ascertaining the offender's subjective motivation, bias should be reported only if investigations reveal enough objective facts to lead a reasonable and prudent person to conclude that the offender's actions were motivated in whole, or in part, by biases.

South Dakota Criminal History Arrests

DCI is responsible for processing and updating the South Dakota Criminal History. This is a fingerprint-based process. When an offender is arrested, their fingerprints are taken and submitted to the DCI ID by either livescan or ink and roll. The ID Specialists identify the individual by their fingerprints and update the criminal history with the new arrest information. Below are the total numbers of cards, by month, received and processed by the ID Section.

Rape (11A) (except Statutory Rape) - The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

Agencies should classify the crime as rape, regardless of the age of the victim, if the victim did not consent or if the victim was incapable of giving consent. If the victim consented, the offender did not force or threaten the victim, and the victim was under the statutory age of consent, agencies should classify the crime as statutory rape.

This offense includes the rape of both males and females as long as at least one of the offenders is the opposite sex of the victim. Black's Law Dictionary, 6th ed., defines carnal knowledge as "the act of a man having sexual bodily connections with a woman; sexual intercourse." There is carnal knowledge if there is the slightest penetration of the sexual organ of the female (vagina) by the sexual organ of the male (penis).

In cases where several offenders rape one person, the responding agency should count one Rape (for one victim) and report separate offender information for each offender.

Sodomy (11B) - Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

Note: This offense includes Abandonment, Desertion, Neglect, Non-Support, Non-Violent Abuse, and Non-Violent Cruelty to other family members. It also includes the non-payment of court-ordered alimony, as long as it is not considered to be Contempt of Court within the reporting jurisdiction. Do not include victims of these offenses who are taken into custody for their own protection.

All Other Offenses (90Z) - All crimes that are not Group A offenses and not included in one of the specifically named Group B crime categories listed previously.

Note: This category includes Offenses of General Applicability if the substantive offense is a Group A offense unless it is an integral component of the Group A offense such as Human Trafficking. Offenses of General Applicability are those offenses prefixed by "Accessory Before/After the Fact," "Aiding and Abetting," "Assault to Commit," "Conspiracy to Commit," "Enticement," "Facilitation of," "Solicitation to Commit," "Threat to Commit," or any other prefix identifying it as other than the substantive offense.

Generally, this category excludes traffic offenses. However, the vehicle-related offenses of hit and run (of a person) and vehicular manslaughter, along with Driving Under the Influence, which is a separate Group B offense, are excluded.

Glossary

ADULT: A person 18 years of age or older.

ARREST: The act of taking into custody by authority of law, to charge him or her with a criminal offense or to initiate juvenile proceedings.

CLEARANCE: An offense is cleared, or solved for crime reporting purposes, when at least one person is arrested, charged with commission of the offense and turned over to the court for prosecution. Provision is also made for clearance in certain "exceptional" situations.

CLEARANCE RATE (TOTAL): The number of clearances divided by the total number of offenses, expressed as a percent. The formula is:

$$\frac{\text{Number of Clearances} \times 100}{\text{Number of Offenses}}$$

Offenses are reported as they become known to law enforcement agencies. Clearances are scored as they are made. Therefore, it is possible for the clearance rate to exceed 100 percent for a time period. Both clearances by arrest and exceptional clearances are included.

CRIME INDEX: Classification of seven offenses used as an indicator of crime. Crime Index offenses are murder and non-negligent manslaughter, forcible rape, robbery, aggravated assault, burglary, larceny, motor vehicle theft, and arson.

CRIME RATE: The number of known offenses per 100,000 population. The formula is:

$$\frac{\text{Number of Offenses} \times 100,000}{\text{Population}}$$

Crime rates per population unit are employed to remove the effect of differing sizes of law enforcement service areas, permitting the examination of reported crime on an equalized population basis. "Per 100,000 population" is generally utilized to preclude the rates for infrequently occurring offenses from being expressed as very small numbers.

ETHNICITY: Hispanic or Latino is an ethnicity and not a race. There are White Hispanic or Latino and Black Hispanic or Latino. Ethnic origin is recorded at the discretion of the reporting agency. This designation includes persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.

EXCEPTIONAL CLEARANCE: When the law enforcement agency has enough information to make an arrest, but cannot locate the offender to do so, then, the complaint is considered solved or cleared by exceptional circumstance, rather than by arrest. For example, a crime may be cleared by exceptional circumstance when an offender has died, moved out of state, or when extradition has been refused.

GENDER: A person's gender is always reported as whatever they were assigned at birth. Even if a person was born a male and he later had a sex change operation to become a female, this individual would be reported as male.

JUVENILE: A person 17 years of age or younger.

JUVENILE ARREST: For purposes of Uniform Crime Reporting, a juvenile should be counted as "arrested" when the circumstances are such that if he or she were an adult, an arrest would be tallied. When a law enforcement officer places a juvenile in custody for a specific offense, including status offenses, an "arrest" is scored. Law enforcement contacts with juveniles where no offense has been committed are not scored as arrests. Juveniles taken into custody for their own protection, such as in neglect cases, are not scored as being arrested if they have not committed an offense.

UCR uses the term "arrest" for both adults and juveniles to describe apprehension.

JUVENILE CRIME: The only measure of juvenile crime available through Uniform Crime Reporting is the number of juvenile arrests (number, rate, and percentage of total arrests).

PROPERTY CRIMES: Sub classification of the Crime Index which encompasses burglary, larceny, motor vehicle theft, and arson.

RESIDENT: a person who maintains his/her permanent home for legal purposes in the locality where the crime took place. Federal, state and county law enforcement agencies would base their determinations of residency on the town, city, or community where the crime occurred rather than their broader geographical jurisdictions.
